Re: Hazardous Waste Permit Application  
The Bendix Corporation (NJD 042 797 274)

Dear Mr. Ruisi:

The Bendix Corporation of Teterboro, New Jersey, hereby submits their Hazardous Waste Permit Application - Part "A", Forms 1 and 3 as required by the Resource Conservation Recovery Act of 1976.

Please note that we were unable to complete the EPA I.D. No.. Bendix upon filing their initial Hazardous Waste Notification form in August 1980, indicated at that time they had not received their EPA I.D. No. and formally requested same.

We still do not have a confirmed I.D. No. despite a subsequent registered letter, unanswered, and numerous telephone calls which resulted in obtaining information only that, the EPA I.D. No. listed above had been assigned to the Bendix Corporation, 43 William Ave., Hasbrouck Heights, New Jersey. We then stated, although this had not been the legal address for this location in over 35 years, could we use that I.D. No.?. We were informed that, since there was this seemingly incongruity in address, they could not verbally confirm our use of this identification.

Bendix respectfully requests that you correct your records to indicate our legal mailing address (Rte.46, Teterboro, N.J. 07608) and that we receive written confirmation as to our proper EPA I.D. No. to be used by this facility.

An early response to this request will be greatly appreciated.

Thanking you in advance for your cooperation, we remain.

Very truly yours,

A handwritten signature in blue ink that reads "William A. Hooper". The signature is fluid and cursive, with the first name "William" and last name "Hooper" clearly legible.
